

FIG. 1

FIG. 2

FIG. 4

FIG. 5

FIG. 6 is a schematic diagram of a system for measuring the distance between two points. The system includes a base 14, a vertical rod 8, and two circular targets 4 and 5. Each target contains a rectangular frame 16 and 17, respectively, with a central point 25 and 26. The targets are positioned at a distance of 10 feet from a central point 27, and the distance between the targets is 20 feet. The diagram also shows a vertical rod 8 and a base 14.
